Here are **FIVE SIMPLE THINGS** you can do today to make the food you eat better for you, better for the planet, better for your pocket and better for other people:

1. **Eat more plants**
   Enjoy lots of delicious, seasonal fruit and vegetables – five or more a day. Affordable, tasty and good for you!

2. **Waste less food**
   Incredibly, 1/3 of all food produced is never eaten. Cutting waste saves money and reduces our environmental footprint.

3. **Quality not quantity**
   Meat and dairy are responsible for a high proportion of emissions. Reduce the amount you eat, and buy from trusted, high animal welfare suppliers.

4. **Cook!**
   Enjoy cooking and eating food together, using fresh, seasonal ingredients. Start simple – ask around for recipes and share your favourites.

5. **Know your food**
   Ask where your food comes from and how it was produced, get to know producers at local markets, and choose trusted labels like MSC for fish.

**GOOD FOOD OXFORD FOR BUSINESS AND ORGANISATIONS:**

Sign up to the Charter, put it on display and promote the actions to your staff, customers or members. Encourage volunteering with local food projects as part of your community engagement. If you sell or serve food, get in touch with us to talk about how you can make it healthier and more sustainable.

...Happy bellies = happy people!
